Feast caterers post wedding ceremony catering, staff and equipment hire

As of July 2017

Feast caterers - Wedding ceremony set up & post ceremony catering

Feast caterers wedding ceremony packages are tailored to suit your individual preferences and needs. We can provide basic equipment hire, wedding ceremony set up, waiters and food service. For any item we do not stock we will work with you or your wedding planner to source them.

Below are three wedding ceremony equipment packages followed by 10 sample food menus. The menus are just intended as inspiration and we would work with you to create the menu you prefer. The food menu prices are the "pick up" price. If we deliver, set up, staff and or pick up there is an additional cost. This is dependent on where the ceremony is to be held and the additional services you select.

We have a reputation for delicious fresh food as well as friendly and efficient wait staff. The number of staff required depends on your location, menu and set up requirements.

Please contact us by phone or email for a chat and we will tailor a package just for you.
